**NOTES TO THE INTERIM FINANCIAL STATEMENTS**  
*(Unaudited – Prepared by Management and expressed in US Dollars)*  
**31 DECEMBER 2018**

**1. Nature of Operations and Going Concern**

---

Continental Energy Corporation (“Continental” or the “Company”) is incorporated under the laws of the Province of British Columbia, Canada. The Company’s registered address and records office is 1500-1055 West Georgia Street, Vancouver, British Columbia, Canada V6E 4N7.

The Company is a developer of modular, small-scale crude oil refineries that are co-located with smaller and/or stranded oil and gas producing fields. Each refinery will be designed to refine high demand motor fuels for supply to underserved local markets in the Republic of Indonesia. The Company operates its primary business activities through two subsidiaries in Indonesia. Each of these subsidiaries has received the necessary investment licenses to permit foreign direct investment in Indonesia and one has received the required licenses from the Indonesian Ministry of Mines and Energy to build, own, and operate a petroleum refining business. The Company is now working towards securing financing to begin construction.

These Interim Financial Statements have been prepared on the basis of accounting principles applicable to a going concern, which assumes that the Company will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of operations. The Company is a development stage company and has incurred operating losses over the past several fiscal years and has no current source of operating cash flows. The Company’s ability to continue as a going concern is dependent upon its ability to obtain the financing necessary to acquire and develop its projects as well as fund ongoing administration expenses. There are no assurances that sufficient funding will be available.

Management intends to obtain additional funding primarily by issuing common and preferred shares in private placements, and/or by joining with strategic partners and joint venture partners in its refinery developments. There can be no assurance that management’s future financing actions will be successful. Management is not able to assess the likelihood or timing of raising capital for future expenditures or acquisitions.

These uncertainties indicate the existence of material uncertainty that casts substantial doubt on the Company’s ability to continue as a going concern in the future. If the going concern assumption were not appropriate for these Interim Financial Statements, liquidation accounting would apply, and adjustments would be necessary to the carrying values and classification of assets, liabilities, the reported income and expenses, and such adjustments could be material.

**2. Basis of Preparation**

---

These Interim Financial Statements have been prepared in accordance with International Accounting Standards (“IAS”) 34, Interim Financial Reporting, and are based on the principles of International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board and interpretations thereof made by the International Financial Reporting Interpretations Committee.

These Interim Financial Statements should be read in conjunction with the audited financial statements for the last fiscal year ended 30 June 2018, which were also prepared in accordance with the same methods of application and include all of the Company’s accounting policies and other required disclosures.

The Company’s Board of Directors has delegated the responsibility and authority for approving quarterly financial statements and MD&A to its Audit Committee. The Audit Committee approved these Interim Financial Statements on 27 February 2019.

These Interim Financial Statements are consolidated and include the accounts of the Company’s subsidiaries as described in its annual audited financial statements for the last fiscal year ended 30 June 2018.

These Interim Financial Statements have been prepared on a historical cost basis and presented in United States (“US”) dollars, the functional currency of the Company, except where otherwise indicated.

**3. Significant Accounting Estimates and Judgments**

---

The preparation of these Interim Financial Statements in accordance with IFRS requires that the Company’s management make judgments and estimates and form assumptions that affect the amounts in the financial statements and related notes to those financial statements. Actual results could differ from those estimates. Judgments, estimates and assumptions are reviewed on an ongoing basis based on historical experience and other factors that are considered to be relevant under the circumstances. Revisions to judgments, estimates and assumptions are accounted for prospectively.

**Continental Energy Corporation**  
**NOTES TO THE INTERIM FINANCIAL STATEMENTS**  
*(Unaudited – Prepared by Management and expressed in US Dollars)*  
**31 DECEMBER 2018**

In preparing these Interim Financial Statements, the significant judgments made by management in applying the Company’s accounting policies and the key sources of estimation uncertainty were the same as those applied to the audited financial statements for the last fiscal year ended 30 June 2018.

---

**4. Recent Accounting Pronouncements**

---

Certain new standards, interpretations, amendments and improvements to existing standards were issued by the IASB or IFRIC.

The Company adopted the following standard on 1 July 2018.

***IFRS 9 Financial Instruments***

This standard and its consequential amendments have replaced IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 uses a single approach to determine whether a financial asset is measured at amortized cost or fair value, replacing the multiple rules in IAS 39. The approach in IFRS 9 is based on how an entity manages its financial instruments in the context of its business model and the contractual cash flow characteristics of the financial assets. Most of the requirements in IAS 39 for classification and measurement of financial liabilities were carried forward unchanged to IFRS 9, except that an entity choosing to measure a financial liability at fair value will present the portion of any change in its fair value due to changes in the entity’s own credit risk in other comprehensive income, rather than within profit or loss. The new standard also requires a single impairment method to be used, replacing the multiple impairment methods in IAS 39.

Due to the nature of the Company’s financial instruments, i.e. cash being the only financial asset and the loan from a related party and other accounts payable being the only financial liabilities, the adoption of the standard did not have any impact on the Company’s financial statements. The classification and measurement of the Company’s financial instruments under IAS 39 and the new measurement categories under IFRS 9 are described below:

	Measurement Category	
	Original (IAS 39)	New (IFRS 9)
<b>Financial Assets:</b>		
Cash	Amortized cost	Amortized cost
<b>Financial Liabilities:</b>		
Accounts payable and accrued liabilities	Amortized cost	Amortized cost
Loans from related parties	Amortized cost	Amortized cost
Promissory notes	N/A	Amortized cost

The following new standards and amendments to standards have been issued but are not effective during the Company’s current fiscal year.

***IFRS 16, Leases***

This standard and its consequential amendments have replaced IAS 17 – Leases and its associated interpretative guidance. IFRS 16 applies a control model to the identification of leases, distinguishing between a lease and a service contract on the basis of whether the customer controls the asset being leased. For those assets determined to meet the definition of a lease, IFRS 16 introduces significant changes to the accounting by lessees, introducing a single, on-balance sheet accounting model that is similar to current finance lease accounting, with limited exceptions for short-term leases or leases of low value assets. Lessor accounting remains similar to current accounting practice. IFRS 16 is effective for annual periods beginning on or after January 1, 2019. The Company is currently evaluating the impact of this standard and will apply it from 1 July 2019.

**5. Promissory Notes**

---

On 1 September 2018 the Company issued three promissory notes to unrelated arms-length parties for an aggregate principal amount of \$100,000 in respect of unpaid accounts payable and accrued liabilities of Continental Hilir Indonesia Pte. Ltd. assumed by the Company on closure of the CHI Transaction during the fiscal year ended 30 June 2018. The notes each have a term of two years and bear non-compounding simple interest at a rate of nine (9%) per year on the unpaid balance commencing from 1 September 2017.

During the six months ended 31 December 2018, the Company accrued interest of \$12,884 in connection with these promissory notes.

**6. Share Capital**

---

*Authorized Share Capital*

500,000,000 common shares without par value and without special rights or restrictions attached. 500,000,000 preferred shares without par value and with special rights or restrictions attached.

*Shares issued*

On 26 September 2018, pursuant to a private placement, the Company issued 7,000,000 units of the Company at \$0.05 per unit, for proceeds of \$350,000. Each unit consisted of one common share of the Company and one warrant to purchase an additional common share at a fixed price of \$0.05 per common share for a term expiring on 30 June 2021. The Company allocated \$228,545 to common shares and \$121,455 to the share purchase warrants based on management's estimate of relative fair values. The fair value of the share purchase warrants was estimated using the Black-Scholes option pricing model with the following assumptions: expected dividend yield: 0%, expected stock price volatility: 100%, risk-free interest rate: 2.18%, expected life of warrants: 2.76 years.

On 26 September 2018, the Company also issued 350,000 common shares to settle a payable to an officer of \$17,500. These common shares had a fair value of \$0.035 per share on the date of issuance for a total value of \$12,250, resulting in a gain on settlement of debt of \$5,250.

On 16 December 2018, pursuant to a private placement, the Company issued 4,000,000 units of the Company at \$0.05 per unit, for proceeds of \$200,000. Each unit consisted of one common share of the Company and one warrant to purchase an additional common share at a fixed price of \$0.05 per common share for a term expiring on 30 June 2021. The Company allocated \$155,844 to common shares and \$44,156 to the share purchase warrants based on management's estimate of relative fair values. The fair value of the share purchase warrants was estimated using the Black-Scholes option pricing model with the following assumptions: expected dividend yield: 0%, expected stock price volatility: 100%, risk-free interest rate: 1.95%, expected life of warrants: 2.54 years.

*Stock options*

The Company has an approved incentive stock option plan under which the Board of Directors may, from time to time, grant options to directors, officers, employees or consultants. Options granted must be exercised within a period as determined by the board. Options vest on the grant date unless otherwise determined by the board. The aggregate number of common shares which may be reserved as outstanding options shall not exceed 25,000,000, and the maximum number of options held by any one individual at any one time shall not exceed 7.5% of the total number of the Company's issued and outstanding common shares and 15% of same for all related parties (officers, directors, and insiders) as a group.

A reconciliation of the Company's stock options outstanding on 31 December 2018 is as follows:

	<b>Number of Options</b>	<b>Weighted Average Exercise Price \$ per Share</b>
Outstanding on 30 June 2018	4,500,000	0.15
Expired	(4,500,000)	0.15
<b>Outstanding on 31 December 2018</b>	<b>-</b>	<b>-</b>

**Continental Energy Corporation**  
**NOTES TO THE INTERIM FINANCIAL STATEMENTS**  
*(Unaudited – Prepared by Management and expressed in US Dollars)*  
**31 DECEMBER 2018**

**Warrants**

A reconciliation of the Company's warrants outstanding is as follows:

	<b>Number of Warrants</b>	<b>Weighted Average Exercise Price \$ per Share</b>
Outstanding on 30 June 2018	31,350,000	0.10
Issued	11,000,000	0.05
Expired	(10,350,000)	0.10
<b>Outstanding on 31 December 2018</b>	<b>32,000,000</b>	<b>0.05</b>

During the period ended 31 December 2018, the term and exercise price of 21,000,000 outstanding and unexercised share purchase warrants were amended to reflect a reduction in exercise price from \$0.10 each to \$0.05 each and an extension of their term and expiry date from 31 August 2018 (14,000,000) and 8 September 2018 (1,000,000) until a new expiry date on 30 June 2020, and from 28 November 2018 (6,000,000) until a new expiry date on 30 June 2021. As the share purchase warrants were issued originally to investors the modification of the terms was a transaction with the Company's shareholders and therefore the incremental value resulting from such amendment did not result in any impact on the Company's statement of loss.

A summary of the Company's warrants outstanding on 31 December 2018 is as follows:

<u>Number of Shares</u>	<u>Price Per Share</u>	<u>Expiry Date</u>
14,000,000	\$0.05	30 June 2020
1,000,000	\$0.05	30 June 2020
6,000,000	\$0.05	30 June 2021
7,000,000	\$0.05	30 June 2021
4,000,000	\$0.05	30 June 2021

## PART - 6 : FINANCIAL RESULTS OF OPERATIONS

### Summary of Quarterly Results for the Last Eight Quarters

The following table sets out selected and unaudited quarterly financial information for the Company for its last eight quarters and is derived from Interim Financial Statements prepared by management in accordance with accounting policies consistent with IFRS.

<u>Period</u>	<u>Revenue</u>	<u>Total Net Income (loss)</u>	<u>Attributable to Shareholders of the Company</u>		
			<u>Income (loss)</u>	<u>From Continued Operations</u>	<u>Basic &amp; Diluted Per Share Income (loss)</u>
Quarter-2 of Fiscal 2019	Nil	(127,907)	(127,907)	(127,907)	(0.00)
Quarter-1 of Fiscal 2019	Nil	(53,777)	(53,777)	(53,777)	(0.00)
Quarter-4 of Fiscal 2018	Nil	(10,974)	(10,974)	(10,974)	(0.00)
Quarter-3 of Fiscal 2018	Nil	144,751	144,751	144,751	0.00
Quarter-2 of Fiscal 2018	Nil	(13,170)	(13,170)	(13,170)	(0.00)
Quarter-1 of Fiscal 2018	Nil	(833,318)	(833,318)	(833,318)	(0.01)
Quarter-4 of Fiscal 2017	Nil	(153,772)	(153,772)	(153,772)	(0.00)
Quarter-3 of Fiscal 2017	Nil	(102,285)	(102,285)	(102,285)	(0.00)

- Quarterly results will vary in accordance with the Company's business and financing activities. The Company's primary source of funding is through the issuance of share capital. When the capital markets are depressed, the Company's activity level normally declines accordingly. As capital markets strengthen and the Company is able to secure equity financing with favorable terms, the Company's business activity levels increase.
- Non-cash costs such as those attributable to calculated valuations of share-based payments expenses also affect the size of the Company's quarterly income (loss).
- The loss incurred by the Company during Quarter-1 of Fiscal 2018 was primarily due to the non-cash costs incurred for the acquisition of Continental Hilir Indonesia Pte. Ltd. and the settlement of convertible promissory note by issue of shares, as described below.
- The loss during Quarter-2 of Fiscal 2018 as well as net income during Quarter-3 of Fiscal 2018 resulted from the Company's settlement of debt through forgiveness or issuance of the common shares of the Company in an amount of \$307,838 during the periods, reducing the overall expenditures incurred by the Company.

## PART- 7 : COMPARATIVE RESULTS OF OPERATIONS

### Current and Comparative Quarters

*This Quarter and the three (3) months period ended 31 December 2018 (the "Current Quarter") and the same quarter and three (3) months period ended 31 December 2017 (the "Comparative Quarter").*

- Overall, the Company incurred a net loss during the Current Quarter of \$127,907 compared to a loss of \$13,170 for the Comparative Quarter, an increase of \$114,737.
- On a per share basis, the Company's net loss was 0.00 during both the Current Quarter and the Comparative Quarter.

- c) Interest expense during the Current Quarter was \$3,326 compared to \$103 during the Comparative Quarter. The interest expense during the Current Quarter reflected the interest cost on the Company's outstanding promissory notes.
- d) The Company's cash administrative costs during the Current Quarter totaled \$125,617 compared to \$114,803 during the Comparative Quarter, an increase of \$10,814, primarily due to higher management fees and other office expenses, due to the Company's increased activity during the Current Quarter.
- e) The total share-based payments expenses during the Current Quarter were \$nil compared to \$1,150 during the Comparative Quarter.
- f) During the Comparative Quarter, the Company recognized a gain of \$103,838 on settlement of debt resulting from the forgiveness of debt by the Company's officers and other suppliers of \$73,838. The Company issued 1,000,000 common shares valued at \$20,000 to settle debt owing to related parties of \$50,000, resulting in an additional gain of \$30,000.

#### **Current and Comparative Periods**

*This Quarter and the six (6) months fiscal period ended 31 December 2018 (the "Current Period"); and the same six (6) months fiscal period ended 31 December 2017 last year (the "Comparative Period").*

---

- a) Overall, the Company incurred net loss from operations during the Current Period of \$181,684 compared to a loss of \$846,488 for the Comparative Period, a decrease of \$664,804, largely attributable to the transaction and non-cash fair value costs described in paragraph f) below.
- b) The Company incurred a loss per share of \$0.00 during the Current Period and \$0.01 during the Comparative Period.
- c) Interest expense during the Current Period was \$14,242 compared to \$8,609 during the Comparative Period.
- d) The Company's cash administrative costs were \$170,794 during the Current Period compared to \$288,039 during the Comparative Period, a decrease of \$117,245 as a result of reduced professional fees incurred during the Current Period compared to the Comparative Period.
- e) Share-based payments expense were \$nil during the Current Period compared to \$41,950 during the Comparative Period.
- f) The loss incurred by the Company during the Comparative Period was primarily due to transaction costs of \$534,425 relating to the acquisition of Continental Hilir Indonesia Pte. Ltd. ("CHI") and the loss on settlement of convertible note of \$151,110. The Company issued 14,000,000 units to the shareholders of CHI in exchange for shares they held in CHI and obtained majority control of CHI. Total fair value of the units issued amounted to \$904,400, in return for the net liabilities of CHI worth \$6,441 and the settlement of the previous cash advances received from CHI of \$376,416, resulting in cost of acquisition of \$534,425. The loss on settlement of convertible note pertained to the calculated fair value of the warrants included in the 10,350,000 units issued upon conversion of the note to the common shares of the Company.
- g) During the Comparative Period, the Company recognized a gain of \$178,838 on settlement of debt resulting from forgiveness of debt by the Company's officers and other suppliers of \$148,838. The Company issued 1,000,000 common shares valued at \$20,000 to settle debt owing to related parties of \$50,000, resulting in an additional gain of \$30,000. During the Current Period, the Company's gain on settlement of debt to an officer amounted to \$5,250, resulting from issuance of 350,000 common shares valued at \$12,250 to settle unpaid salaries of \$17,500.
- h) Cash utilized in operating activities during the Current Period amounted to \$275,783 compared to \$241,648 used in the Comparative Period.
- i) Net cash raised from financing activities during the Current Period was \$550,000 compared to \$431,326 raised during the Comparative Period.

#### **PART- 8 : LIQUIDITY AND CAPITAL MANAGEMENT**

As at the end of This Quarter, the Company's Interim Financial Statements reflected a decrease in the working capital deficiency of \$493,450 from 30 June 2018, the end of the previous fiscal year. The working capital deficiency of \$536,676 as at 30 June 2018 was reduced to \$43,226 at the end of This Quarter.

During The Current Period, the Company spent \$275,783 on its operations and raised \$550,000 from private placements. The Company did not enter into any other cash investing or financing activities during This Quarter.

---

The Company has no significant operations that generate cash flow and its long term financial success is dependent on management's ability to develop new business opportunities which become profitable. These undertakings can take many years and are subject to factors that are beyond the Company's control.

In order to finance the Company's growth and develop new business opportunities and to cover administrative and overhead expenses, the Company raises money through equity sales and from the exercise of convertible securities. Many factors influence the Company's ability to raise such funds, including the health of the capital markets, the climate for investment in the sectors the Company is considering, the Company's track record, and the experience and caliber of its management.

The Company does not have sufficient funds to meet its administrative requirements and business development objectives over the next twelve months. Actual funding requirements may vary from those planned due to a number of factors, including providing for new opportunities as they arise. The Company believes it will be able to raise the necessary capital it requires, but recognizes there will be risks involved that may be beyond its control. The Company is actively sourcing new capital.

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to pursue new business development and to maintain a flexible capital structure for its projects for the benefits of its stakeholders. The Company's principal source of funds is from the issuance of common shares. In the management of capital, the Company includes the components of shareholders' equity as well as cash and receivables.

The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Company may attempt to issue new shares, enter into joint venture arrangements, acquire or dispose of assets, or adjust the amount of cash and short-term investments. The Company's investment policy is to invest its cash in liquid short-term interest-bearing investments selected with regard to the expected timing of expenditures from continuing operations. The Company is not subject to any externally imposed capital requirements and there was no change in the Company's capital management during This Quarter.

## **PART- 9 : RISKS AND UNCERTAINTIES**

The Company has no history of profitable operations and is currently in the early stages of its development. As such, the Company is subject to many risks common to such enterprises, including under-capitalization, cash shortages and limitations with respect to personnel, financial and other resources and the lack of revenues. There is no assurance that the Company will be successful in achieving a return on shareholders' investment and the likelihood of success must be considered in light of its early stage of operations.

The Company has no source of operating cash flow and no assurance that additional funding will be available to it to take advantage of further growth and development of new opportunities and projects when required. Although the Company has been successful in the past in obtaining financing through the sale of equity securities or joint ventures, there can be no assurance that the Company will be able to obtain adequate financing in the future or that the terms of such financing will be favorable. Failure to obtain such additional financing could result in the delay or indefinite postponement of further growth or new opportunity development.

The Company is very dependent upon the personal efforts and commitment of its existing management. To the extent that management's services would be unavailable for any reason, a disruption to the operations of the Company could result, and other persons would be required to manage and operate the Company.

## **PART- 10 : RELATED PARTY TRANSACTIONS**

### **10.1 Related Party Balances**

At the end of This Quarter, a total of \$183,361 (30 June 2018 - \$320,951) was payable to the Company's CEO, CEO of its subsidiary, Acting CFO, and Vice President, for unpaid salary and/or fees. These amounts are included in accounts payable and accrued liabilities and are unsecured and non-interest bearing.

As at the end of This Quarter, the Company owed the CEO a total loan payable in the amount of \$87,500 to repay working capital loans made by the CEO to the Company during Fiscal 2016 and Fiscal 2017. This loan is interest free with no fixed repayment terms.

---

## **10.2 Compensation Of Key Management Personnel**

- a) During the six (6) months ended 31 December 2018, the Company paid or accrued salary, fees, or other compensation to the CEO, CEO of its subsidiary, Acting CFO, and its Vice President in the amounts of \$15,208, \$20,208, \$7,000, and \$22,856, respectively (2017 - \$nil, \$nil, \$63,647, and \$nil respectively).
- b) The CEO of the Company voluntarily suspended and terminated payment and accrual of his salary as CEO of the Company effective on 1 July 2017 and continuing until such time as the Company's financial condition permits a resumption and such resumption is approved by the Board of Directors. During the six (6) months ended This Quarter the Company's subsidiary paid salary to the CEO as compensation for work performed for the subsidiary.
- c) A former CFO of the Company resigned effective 31 December 2017, and accordingly, the Company terminated accrual of salary upon his resignation date. Commencing from 1 January 2018, the CFO agreed to continue as "Acting CFO" without additional compensation, and did so until his replacement as Acting CFO on 7 November 2018. Accordingly, during the six (6) months ended This Quarter, the Company did not pay or accrue salary for the former CFO. At the end of This Quarter the Company owed the former CFO a total amount of \$75,000 in accrued but unpaid compensation earned prior to his resignation date, and at the Report Date the balance due the former CFO has been reduced to \$50,000.

## **10.3 Transactions With Related Parties**

Except for the compensation and balances owed to the related parties elsewhere described in this Part-10 above, the Company did not enter into any other transaction with related parties during This Quarter.

## **PART - 11 : MATERIAL CONTRACTS AND EVENTS**

### **11.1 Off - Balance Sheet Arrangements**

At the end of This Quarter, the Company does not have any off-balance sheet arrangements not already disclosed elsewhere in this MD&A or in the Interim Financial Statements.

### **11.2 Material Contracts & Commitments**

During This Quarter, no new material contracts or commitments were undertaken, not elsewhere disclosed in this MD&A or in the Interim Financial Statements.

### **11.3 Investor Relations, Publicity and Promotion**

During This Quarter, no material new arrangements, or modifications to existing agreements, were made by the Company for investor relations services, publicity, promotion or advertising agreements which are not otherwise already disclosed in this MD&A or the Interim Financial Statements.

### **11.4 Financial Advice, New Business Consulting, Finder's Agreements, & Fund Raising**

During This Quarter, no material new arrangements, or modifications to existing agreements, were made by the Company for investor relations services, publicity, promotion or advertising agreements which are not otherwise already disclosed in this MD&A or the Interim Financial Statements.

### **11.5 Claims, Contingencies & Litigation**

Except for any contingencies elsewhere disclosed herein, or in the Interim Financial Statements for This Quarter published herewith, the Company knows of no material, active or pending claims or legal proceedings against them; nor is the Company involved as a plaintiff in any material proceeding or pending litigation that might materially adversely affect the Company or a property interest of the Company.

## **PART - 12 : CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

The preparation of financial statements in accordance with IFRS requires that the Company's management make judgments and estimates and form assumptions that affect the amounts in the financial statements and the related notes to those financial statements. Actual results could differ from those estimates. The Company reviews its judgments, estimates, and assumptions on an ongoing basis based on historical experience and other factors that are considered to be relevant under the circumstances. The Company's critical accounting policies and estimates applied in the preparation of its Interim Financial Statements are the same as those applied to the audited financial statements for the last fiscal year ended 30 June 2018.

---

## PART - 13 : FINANCIAL INSTRUMENTS

The Company's financial instruments as at the end of This Quarter, consist of cash, accounts payable and accrued liabilities, the loan payable to its CEO, and the promissory notes. The fair value of these instruments approximates their carrying value due to their relative short-term maturity. There were no off-balance sheet financial instruments.

Cash, other than minor amounts of Indonesian Rupiahs, consist solely of cash deposits with major Canadian and Indonesian banks. The Company therefore considers its credit risk to be low. The Company does not use derivative or hedging instruments to reduce its exposure to fluctuations in foreign currency exchange rates involving Canadian dollar and Indonesian Rupiah. However, as the Company holds its funds primarily in US dollars, the risk of foreign exchange loss is considered low by the Company's management.

## PART- 14 : CONTINUOUS DISCLOSURE AND FILINGS

### 14.1 Additional Disclosure for Venture Issuers without Significant Revenue

The Company is a "Venture Issuer" as defined in Section-1.1 of NI 51-102 and in Section-1.1 of NI 52-110. ## **14.6 Additional Disclosure for Emerging Markets Issuers**

A substantial component of the Company's business activities are conducted in the Republic of Indonesia and the Company considers itself to be an "**Emerging Market Issuer**" as defined in the Issuer Guide for Companies Operating in Emerging Markets (the "**EMI Guide**") published by the Ontario Securities Commission as Staff Notice 51-720. The EMI Guide identifies eight matters as worthy of additional disclosure that Emerging Market Issuers consider. These are: 1) the local business and operating environment, 2) language and cultural differences, 3) corporate structure, 4) related parties, 5) risk management and disclosure, 6) internal controls, 7) use of and reliance on experts, and 8) oversight of the external auditor and how the effect on the Company's operations of these eight matters may differ in the emerging market from what may be expected if the Company's same business activities were conducted in Canada. The Company provides such disclosure annually in its Annual Report on Form 20F.

## **PART- 15 : FORWARD - LOOKING STATEMENTS**

Forward-looking statements relate to future events or future performance and reflect management's expectations or beliefs regarding future events and include, but are not limited to, statements with respect to the estimation of reserves and resources, projections of anticipated revenue, the realization of reserve estimates, the timing and amount of estimated future production, cost, work schedules, capital requirements, success of resource exploration operations, environmental risks, permitting risks, unanticipated reclamation expenses, title disputes or claims and limitations on insurance coverage for the Company's upstream oil and gas projects; and to capital cost estimation, operating costs forecasts, and sales and revenue projections for the construction of the Company's downstream oil and gas projects.

### **15.1 Forward Looking Words and Phrases**

In certain cases, forward-looking statements can be identified by the use of words such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "projections", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved" or the negative of these terms or comparable terminology.

### **15.2 Risks and Uncertainties**

By their very nature forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Such factors include, among others, risks related to actual results of the Company's upstream or downstream oil and gas projects or new project development activities; changes in project parameters as plans continue to be refined; cash flow projections; future prices of resources; possible variations in resource reserves; accidents, labor disputes and other risks of the oil, gas, and energy industries; delays in obtaining governmental approvals or financing or in the completion of development or construction activities; as well as other factors detailed from time to time in the Company's periodic filings on EDGAR and SEDAR.

### **15.3 No Assurance all Risks Anticipated**

Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements.

NEWS RELEASE  
OTCQB: CPPXF

### CONTINENTAL POSTS RESULTS FOR FIRST QUARTER FISCAL 2019

**Vancouver, B.C., Canada – 9 January 2019** - Continental Energy Corporation (OTCQB: CPPXF) (the “**Company**”) is an emerging integrator of small scale refinery infrastructure with nearby stranded crude oil production in Indonesia. The Company today announced its financial results for the first quarter of the Company's Fiscal 2019 year that ended on 30 September 2018 (the "**Quarter**").

Overall, the Company incurred a net loss during the Quarter of \$53,777 compared to a loss of \$833,318 for the same quarter last year, a reduction of \$799,541 attributable largely to costs of the CHI acquisition made during the same quarter last year. The Company incurred a loss per share of \$0.00 during the Quarter and \$0.01 for the same quarter last year.

The Company's administrative costs were \$45,177 during the Quarter compared to \$128,059 during the same quarter last year, a reduction of \$82,882 primarily as a result of reduced management and consulting fees. During the Quarter, the Company spent \$105,411 on its operations and raised \$350,000 from private placements.

Share-based payments expense was \$ nil during the Quarter compared to a fair value of \$40,800 for incentive stock options issued during the same quarter last year.

Interest expense during the Quarter was \$10,916 compared to \$8,506 during the same quarter last year, due to conversion of \$100,000 of payables into long term promissory notes bearing non-compounding interest at 9% per annum.

At the end of the Quarter, the Company's Interim Financial Statements reflect a working capital deficiency of \$117,587, a decrease of \$419,089 from the end of the Company's fiscal year 30 June 2018.

The full text of the Company's interim unaudited and management prepared consolidated financial statements and the accompanying management discussion and analysis for the Quarter are both available for download from the Company's profile on SEDAR at [www.sedar.com](http://www.sedar.com).

NEWS RELEASE  
OTCQB: CPPXF

## CONTINENTAL POSTS RESULTS FOR SECOND QUARTER FISCAL 2019

**Vancouver, B.C., Canada – 28 February 2019** - Continental Energy Corporation (OTCQB: CPPXF) (the “Company”) is an emerging integrator of small scale refinery infrastructure with nearby stranded crude oil production in Indonesia. The Company today announced its financial results for the second quarter ended 31 December 2018 (the “Second Quarter”) of the Company’s fiscal year ending 30 June 2019.

Overall, the Company incurred a net loss during the Second Quarter of \$127,907 compared to a loss of \$13,170 for the same quarter last year, an increase of \$114,737. The lower loss in the same quarter last year was due in part to a gain of \$103,838 then recognized on forgiveness of debt by the Company’s officers and other suppliers of \$73,838 and issue of 1,000,000 common shares valued at \$20,000 to settle debt owing to related parties of \$50,000, resulting in an additional gain of \$30,000.

Interest expense during the Second Quarter was \$3,326 compared to \$103 during the same quarter last year and reflected the interest cost on outstanding promissory notes.

The Company’s cash administrative costs during the Second Quarter totaled \$125,617 compared to \$114,803 during the same quarter last year, an increase of \$10,814, primarily due to higher management fees and other office expenses, due to the Company’s increased activity during the Second Quarter.

The total share-based payments expenses during the Second Quarter were \$ nil compared to \$1,150 during the same comparative quarter last year. Subsequent, to the end of the Second Quarter, the Company granted a total of 7,500,000 new incentive stock options to officers and directors, each one of which have an exercise price of five US cents (\$0.05) and a fixed term expiring on 30 June 2021.

As at the end of the Second Quarter, the Company’s Interim Financial Statements reflected a decrease in the Company’s working capital deficiency by an amount of \$493,450 from the end of the Company’s Fiscal 2018 year. The Company’s working capital deficiency at end Fiscal 2018 on 30 June 2018 was \$536,676 and was reduced to \$43,226 at the end of the Second Quarter.

During the six month period ending the Second Quarter, the Company spent \$275,783 on its operations and raised \$550,000 from private placements.

The full text of the Company’s interim unaudited and management prepared consolidated financial statements and the accompanying management discussion and analysis for the Quarter are both available for download from the Company’s profile on SEDAR at [www.sedar.com](http://www.sedar.com).
