1. Nature of Operations and Going Concern

Continental Energy Corporation (“Continental” or the “Company”) is incorporated under the laws of the Province of British Columbia, Canada. The Company’s registered address and records office is 1500-1055 West Georgia Street, Vancouver, British Columbia, Canada V6E 4N7.

The Company is a developer of modular, small-scale crude oil refineries that are co-located with smaller and/or stranded oil and gas producing fields. Each refinery will be designed to refine high demand motor fuels for supply to underserved local markets in the Republic of Indonesia. The Company operates its primary business activities through two subsidiaries in Indonesia. Each of these subsidiaries has received the necessary investment licenses to permit foreign direct investment in Indonesia and one has received the required licenses from the Indonesian Ministry of Mines and Energy to build, own, and operate a petroleum refining business. The Company is now working towards securing financing to begin construction.

These Interim Financial Statements have been prepared on the basis of accounting principles applicable to a going concern, which assumes that the Company will continue in operation for the foreseeable future and will be able to realize its assets and discharge its liabilities in the normal course of operations. The Company is a development stage company and has incurred operating losses over the past several fiscal years and has no current source of operating cash flows. The Company’s ability to continue as a going concern is dependent upon its ability to obtain the financing necessary to acquire and develop its projects as well as fund ongoing administration expenses. There are no assurances that sufficient funding will be available.

Management intends to obtain additional funding primarily by issuing common and preferred shares in private placements, and/or by joining with strategic partners and joint venture partners in its refinery developments. There can be no assurance that management’s future financing actions will be successful. Management is not able to assess the likelihood or timing of raising capital for future expenditures or acquisitions.

These uncertainties indicate the existence of material uncertainty that casts substantial doubt on the Company’s ability to continue as a going concern in the future. If the going concern assumption were not appropriate for these Interim Financial Statements, liquidation accounting would apply, and adjustments would be necessary to the carrying values and classification of assets, liabilities, the reported income and expenses, and such adjustments could be material.

2. Basis of Preparation

These consolidated Interim Financial Statements have been prepared in accordance with International Accounting Standards (“**IAS**”) 34, Interim Financial Reporting, and are based on the principles of International Financial Reporting Standards (“**IFRS**”) as issued by the International Accounting Standards Board and interpretations thereof made by the International Financial Reporting Interpretations Committee ("**IFRIC**").

The Company’s Board of Directors has delegated the responsibility and authority to its Audit Committee for approving interim quarterly financial statements and the companion Management Discussion and Analysis ("**MD&A**"). The Audit Committee approved these consolidated Interim Financial Statements and MD&A on 28 May 2020.

These Interim Financial Statements are consolidated financial statements and include the financial statements of the Company and the corporate entities controlled by the Company. Control exists when the Company has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. The financial statements of subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases. All intercompany transactions and balances have been eliminated.

These consolidated Interim Financial Statements include the accounts of the Company and its two Indonesian operating subsidiaries, both of which are limited liability companies incorporated under the foreign direct ownership of companies laws of the Republic of Indonesia:

- PT Continental Hilir Indonesia ("**PT-CHI**"), 100% owned and controlled by Continental.
- PT Kilang Kaltim Continental ("**PT-KKC**"), 100% owned and controlled by Continental.

These consolidated Interim Financial Statements have been prepared on a historical cost basis and presented in United States (“**US**”) dollars, the functional currency of the Company and its subsidiaries, except when otherwise indicated. In addition, these consolidated financial statements have been prepared using the accrual basis of accounting.

These consolidated Interim Financial Statements may be read in conjunction with the consolidated annual audited financial statements for the Company's most recently completed fiscal year ended 30 June 2019. The annual statements were also prepared in accordance with the same methods of application as described in this Section-2, but the notes to the annual statements published at the end of each fiscal year include additional and more detailed disclosure and description of Significant Accounting Policies, Significant Accounting Estimates and Judgments, Capital Management Policies, and Financial Risk Management Policies utilized by the Company in preparation of its financial statements.

3. Significant Accounting Estimates and Judgments

The preparation of these Interim Financial Statements in accordance with IFRS requires that the Company's management make judgments and estimates and form assumptions that affect the amounts in the financial statements and related notes to those financial statements. Actual results could differ from those estimates. Judgments, estimates and assumptions are reviewed on an ongoing basis based on historical experience and other factors that are considered to be relevant under the circumstances. Revisions to judgments, estimates and assumptions are accounted for prospectively.

In preparing these Interim Financial Statements, the significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those applied to the audited financial statements for the last fiscal year ended 30 June 2019.

4. Recent Accounting Pronouncements and Adoption of New Standards

Certain new standards, interpretations, amendments and improvements to existing standards are from time to time issued by the IASB or the IFRIC.

IFRS 9 - Financial Instruments

The Company adopted IFRS 9 on 1 July 2018. This standard and its consequential amendments have replaced IAS 39 Financial Instruments: Recognition and Measurement. IFRS 9 uses a single approach to determine whether a financial asset is measured at amortized cost or fair value, replacing the multiple rules in IAS 39. The approach in IFRS 9 is based on how an entity manages its financial instruments in the context of its business model and the contractual cash flow characteristics of the financial assets. Most of the requirements in IAS 39 for classification and measurement of financial liabilities were carried forward unchanged to IFRS 9, except that an entity choosing to measure a financial liability at fair value will present the portion of any change in its fair value due to changes in the entity's own credit risk in other comprehensive income, rather than within profit or loss. The new standard also requires a single impairment method to be used, replacing the multiple impairment methods in IAS 39.

Due to the nature of the Company's financial instruments, i.e. cash being the only financial asset and the loan from a Related Party and other accounts payable being the only financial liabilities, the adoption of the standard did not have any impact on the Company's financial statements. The classification and measurement of the Company's financial instruments under IAS 39 and the new measurement categories under IFRS 9 are described below:

	Measurement Category	
	Original (IAS 39)	New (IFRS 9)
Financial Assets:		
Cash	Amortized cost	Amortized cost
Financial Liabilities:		
Accounts payable and accrued liabilities	Amortized cost	Amortized cost
Loans from Related Parties	Amortized cost	Amortized cost
Promissory notes	N/A	Amortized cost

The following new standards and amendments to standards have been issued but are not effective during the Company's current fiscal year.

IFRS 16 - Leases

The Company adopted IFRS 16 on 1 July 2019. This standard and its consequential amendments have replaced IAS 17 – Leases and its associated interpretative guidance. IFRS 16 applies a control model to the identification of leases, distinguishing between a lease and a service contract on the basis of whether the customer controls the asset being leased. For those assets determined to meet the definition of a lease, IFRS 16 introduces significant changes to the accounting by lessees, introducing a single, on-balance sheet accounting model that is similar to current finance lease accounting, with limited exceptions for short-term leases or leases of low value assets. Lessor accounting remains similar to current accounting practice. IFRS 16 is effective for annual periods beginning on or after January 1, 2019. The Company anticipates the adoption of IFRS 16 on will not have a material impact on the results and financial position of the Company. Except for a short term lease on its interim office in Jakarta (approximately $1,150 per month), the Company does not have any other material leasing arrangements.

IFRIC 23 - Uncertainty over Income Tax Treatment

The interpretation addresses the accounting for income taxes when tax treatments involve uncertainty. It specifically addresses the following:

- Whether an entity considers uncertain tax treatments separately;
- The assumptions an entity makes about the examination of tax treatments by taxation authorities;
- How an entity determines taxable profit or loss, tax bases, unused tax losses, unused tax credits, and tax rates; and

· How an entity considers changes in facts and circumstances.

An entity has to determine whether to consider each uncertain tax treatment separately or together with one or more other uncertain tax treatments. The approach that better predicts the resolution of the uncertainty should be followed. The IFRIC 23 interpretation is effective for annual reporting periods beginning on or after 1 January 2019. The Company will apply the interpretation from 1 July 2019 but expects that the interpretation will not have any significant impact on its consolidated financial statements.

5. Promissory Notes

The Company issued three promissory notes to unrelated arms-length parties for an aggregate principal amount of $100,000 in respect of assumption of debt by the Company pursuant to an acquisition transaction that closed on 1 September 2017. The notes bear non-compounding simple interest at a rate of nine (9%) per year and become due and payable on 1 September 2020. During the past fiscal year ended 30 June 2019 the Company repaid two of the notes with accumulated interest thereon in the amount of $34,919.

The Company issued two promissory notes on 20 March 2020 to unrelated arms-length parties for an aggregate principal amount of $150,000 in respect of working capital loans to the Company. The notes bear non-compounding simple interest at a rate of six (6%) per year, become due and payable on 1 July 2021, may be repaid together with all accumulated interest thereon, at the election of the holders, in cash or in the form of the Company's common shares valued at the volume weighted average trading price during the twenty business days preceding the maturity date or as a participation at the same terms of any private placement closed by the Company prior to the maturity date.

A continuity of the promissory notes payable is as follows:

	$
Balance - 30 June 2019	**81,513**
Issuance of promissory notes	**150,000**
Interest	**4,725**
Repayments	-
Balance - 31 March 2020	**236,238**

6. Share Capital

Authorized Share Capital

500,000,000 common shares without par value and without special rights or restrictions attached.
500,000,000 preferred shares without par value and with special rights or restrictions attached.

Shares issued

No new common shares were issued during the nine (9) months period and quarter ended 31 March 2020.

Stock options

The Company has an approved incentive stock option plan under which the Board of Directors may, from time to time, grant options to directors, officers, employees or consultants. Options granted must be exercised within a period as determined by the board. Options vest on the grant date unless otherwise determined by the board. The aggregate number of common shares which may be reserved as outstanding options shall not exceed 25,000,000, and the maximum number of options held by any one individual at any one time shall not exceed 7.5% of the total number of the Company's issued and outstanding common shares and 15% of same for all Related Parties (officers, directors, and insiders) as a group.

A reconciliation of the Company’s stock options outstanding is as follows:

	Number of Options	**Weighted Average Exercise Price $ per Share**
Outstanding on 30 June 2019	7,500,000	0.05
Granted	5,000,000	0.05
Expired	(500,000)	0.05
Outstanding on 31 March 2020	12,000,000	0.05

Option Grants - On 30 September 2019, the Company granted a total of 5,000,000 stock options to directors of the Company, with and exercise price of $0.05 and term expiring 30 June 2021.

Options Expired - A total of 500,000 incentive stock options expired on 7 January 2020.

Fair Value of Option Grants - The fair value of these stock option grants was determined to be $52,495, which was charged to the statement of loss and comprehensive loss as share-based payments expense. The fair value was estimated using the Black-Scholes option pricing model, with the following assumptions: expected dividend yield: 0%, expected stock price volatility: 100%, risk-free interest rate: 1.84%, expected life of options: 1.75 years.

Option Changes - During the nine (9) months period and quarter ended 31 March 2020, a total of 500,000 stock options expired on 7 January 2020. During the same period, no stock options were exercised and no amendments were made to the terms of any outstanding stock options.

Warrants

Warrants Policy - From time to time the Company may issue warrants to purchase a common share at a fixed price for a fixed period as a performance incentive. Most common are issues of warrants as part of a unit with a common share as an incentive for private placement or similar investors.

A reconciliation of the Company's warrants outstanding is as follows:

	Number of Warrants	**Weighted Average Exercise Price $ per Share**
Outstanding on 30 June 2019	32,000,000	0.05
Issued	-	-
Expired	-	-
Outstanding on 31 March 2020	**32,000,000**	**0.05**

Warrant Issues - No new warrants were issued during the nine (9) months period and quarter ended 31 March 2020.

Warrant Changes - During the nine (9) months period and quarter ended 31 March 2020, no warrants expired and none were exercised. During the quarter ended 31 March 2020, the terms of a total of 14,000,000 outstanding common share purchase warrants were amended from an old expiry date of 30 June 2020 to a new expiry date of 30 June 2022. There was no change to the five US cents ($0.05) exercise price of each. As the share purchase warrants were issued originally to investors the modification of the terms was a transaction with the Company's shareholders and therefore the incremental value resulting from such amendment did not result in any impact on the Company's statement of loss.

Summary - A summary of the Company's outstanding warrants on 31 March 2020 is as follows:

Number of Warrants	**Exercise Price Each**	**Expiry Date**	**Underlying Common Shares**
1,000,000	$0.05	30 June 2020	1,000,000
7,000,000	$0.05	30 June 2020	7,000,000
6,000,000	$0.05	30 June 2021	6,000,000
4,000,000	$0.05	30 June 2021	4,000,000

32,000,000			32,000,000

7. Related Party Transactions

Key management personnel of the Company include persons having the authority and responsibility for planning, directing and controlling the activities of the Company as a whole, and includes both the duly appointed senior executive officers of the Company and those of the Company's wholly owned operating subsidiaries, (collectively the "**Officers**"). Each one of the Officers, together with each member of the Company's board of directors, is considered to be a "**Related Party**".

7.1 *Related Party Balances* - At the completion of this Third Quarter and first nine (9) months of the Company's Fiscal 2020 year, the Year-To-Date (" **YTD**") balances due to Related Parties, compared to the balance due them at the end of the Company's most recently completed fiscal year ended 30 June 2019 ("**FYE19**"), are as follows:

a) an aggregate amount of YTD $257,936 (FYE19 - $228,782) was due and payable to the Company's Officers as accumulated but unpaid salary and fees. These amounts are included in accounts payable and are unsecured and non-interest bearing; and

b) an aggregate amount of YTD $87,500 (FYE19 - $87,500) was due and payable to the Company's CEO as repayment of accumulated loans made in prior years by the CEO to the Company for assistance with working capital. This loan is interest free with no fixed repayment terms.

c) an aggregate amount of YTD $20,000 was due and payable to two of the Company's Directors ($10,000 each) for the purpose of assistance with working capital. These loans are interest free with no fixed repayment terms.

7.2 *Balance Due Former Related Party* - A former CFO of the Company resigned effective 31 December 2017, and accordingly, the Company terminated accrual of salary upon his resignation date and agreed to pay a total amount of $125,000 by end November 2018 to settle all outstanding compensation and amounts due. Commencing from 1 January 2018, the CFO agreed to continue as "Acting CFO" without additional compensation and did so until his replacement as Acting CFO on 7 November 2018. Accordingly, during the current fiscal year ended 30 June 2019, the Company did not pay or accrue salary for the former CFO. On 7 December 2018 the former CFO ceased to be a director and also thereupon ceased to be a Related Party of the Company. The Company has paid a total of $75,000 of the amount due the former CFO by 30 November 2018. At the end of This Quarter, a total remaining balance due the former CFO in the amount of $50,000 is past due and unpaid.

7.3 *Transactions With Related Parties* - During the nine (9) month period ended 31 March 2020, the Company issued a total of 5,000,000 incentive stock options to three directors. Each option has an exercise price of US$0.05 and an expiry date of 30 June 2021.

7.4 *Compensation Of Key Management Personnel* - During the nine (9) months period ended 31 March 2020, aggregate YTD compensation was paid or accrued to key management personnel and Related Parties as follows, together with a comparison to the amount paid or accrued to them for the same period ended 31 March 2019:

a) The Company, or its wholly owned subsidiaries, paid or accrued salary, fees, or other compensation to the CEO, CEO of its subsidiary, Acting CFO, and its former Vice President in the YTD amounts of $31,822, $31,822, $31,500, and $5,000, respectively. During the same period ended 31 March 2019 the amounts accrued or paid were $25,738, $30,624, $17,500, and $34,133 respectively.

b) The CEO of the Company voluntarily suspended and terminated payment and accrual of his salary as CEO of the Company effective on 1 July 2017 and continuing until such time as the Company's financial condition permits a resumption and such resumption is approved by the Board of Directors. Consequently, the Company did not directly accrue any salary, YTD, for the CEO.

c) The Company's PT Kilang Kaltim Continental ("**KKC**") subsidiary directly paid or accrued salary compensation for work performed under employment contract in the Jakarta office by two Jakarta resident Related Parties, the Company's CEO who serves as KKC's commissioner, and an executive director of the Company who separately serves as the CEO of KKC. The amounts so paid or accrued are included in the disclosure in paragraph 7.4a) above.

CONTINENTAL ENERGY CORPORATION

FORM 51-102F1

Management’s Discussion and Analysis

For the Quarter Ended on 31 March 2020

The End of the Third Quarter and Nine (9) Months Period of Fiscal 2020

This Management Discussion and Analysis (“**MD&A**”) has been prepared by the management of Continental Energy Corporation (the "**Company**") as of 28 May 2020 (the "**Report Date**").

This MD&A is intended to supplement and complement the unaudited, condensed, interim, consolidated quarterly financial statements (the "**Interim Financial Statements**") that are also prepared by management and filed herewith. The Interim Financial Statements are consolidated and include the accounts of the Company's two Indonesia domiciled operating subsidiaries, PT Kilang Kaltim Continental and PT Continental Hilir Indonesia.

This MD&A, and the Interim Financial Statements filed herewith, pertain to the three (3) months and fiscal quarter ended 31 March 2020, a period of time hereinafter referred to as "**This Quarter**".

The end of This Quarter completes the "**Third Quarter**" and first nine (9) months period of the Company's fiscal year ending 30 June 2020 ("**Fiscal 2020**").

All financial information presented herein, and in the Interim Financial Statements, has been prepared in accordance with accounting policies consistent with International Financial Reporting Standards (“**IFRS**”) promulgated by the International Accounting Standards Board. All amounts disclosed are in United States dollars unless otherwise stated.

Part-1 : NATURE OF BUSINESS

The Company is a developer of small-scale crude oil refineries that are purposefully located near existing crude oil feedstock production in order to cost efficiently refine and deliver fuels directly to under-served local markets in the rapidly growing and emerging economy of Indonesia.

Why Indonesia? Already a G20 member, Indonesia is predicted by the World Bank to grow to the 4^{th} largest economy in the world by 2045.

Part-2 : HIGHLIGHT EVENTS DURING THIS QUARTER

Significant events which may have a material effect on the business affairs of the Company that have occurred during This Quarter are summarized below:

Ongoing Operations

During This Quarter the Company' management continued arranging crude supply agreements, refined product offtake agreements, and securing equity and lender finance for its Maloy Refinery project in Indonesia. The Company also is evaluating additional small scale, modular refineries in Indonesia and abroad as a result of enquiries the Company has received.

Working Capital Loans

During this Quarter the Company issued two promissory notes to unrelated arms-length parties for an aggregate principal amount of $150,000 in respect of working capital loans to the Company. The notes bear non-compounding simple interest at a rate of six (6%) per year, become due and payable on 1 July 2021, may be repaid together with all accumulated interest thereon, at the election of the holders, in cash or in the form of the Company's common shares valued at the volume weighted average trading price during the twenty business days preceding the maturity date or as a participation at the same terms of any private placement closed by the Company prior to the maturity date.

Options Expired

A total of 500,000 incentive stock options expired in accordance with their terms.

Periodic Board Meetings

As a matter of policy the Company's board of directors holds perioding meetings on the first Saturday of every other month and other meetings from time to time as may be called. During This Quarter, board meetings were held on 4 January 2020 and 7 March 2020 and all five directors of record attended each. Part-6 : FINANCIAL RESULTS OF OPERATIONS

Summary of Quarterly Results for the Last Eight Quarters

The following table sets out selected and unaudited quarterly financial information for the Company for its last eight quarters and is derived from Interim Financial Statements prepared by management in accordance with accounting policies consistent with IFRS.

			Attributable to Shareholders of the Company		
Period	**Revenue**	**Total Net Income (loss)**	**Income (loss)**	**Income (loss) From Continued Operations**	**Basic & Diluted Per Share Income (loss)**
Quarter-3 of Fiscal 2020	Nil	(58,918)	(58,918)	(58,918)	(0.00)
Quarter-2 of Fiscal 2020	Nil	(93,695)	(93,695)	(93,695)	(0.00)
Quarter-1 of Fiscal 2020	Nil	(134,585)	(134,585)	(134,585)	0.00
Quarter-4 of Fiscal 2019	Nil	(163,721)	(163,721)	(163,721)	(0.00)
Quarter-3 of Fiscal 2019	Nil	(176,551)	(176,551)	(176,551)	(0.00)
Quarter-2 of Fiscal 2019	Nil	(127,907)	(127,907)	(127,907)	(0.00)
Quarter-1 of Fiscal 2019	Nil	(53,777)	(53,777)	(53,777)	(0.00)
Quarter-4 of Fiscal 2018	Nil	(10,974)	(10,974)	(10,974)	(0.00)

- Quarterly results will vary in accordance with the Company's business and financing activities. The Company's primary source of funding is through the issuance of share capital. When the capital markets are depressed, the Company's activity level normally declines accordingly. As capital markets strengthen and the Company is able to secure equity financing with favorable terms, the Company's business activity levels increase.

- Non-cash costs such as those attributable to calculated valuations of share-based payments expenses also affect the size of the Company's quarterly income (loss).

Part-7 : **COMPARATIVE RESULTS OF OPERATIONS**

Current and Comparative Quarters

*This Quarter and the three (3) months period ended 31 March 2020 (the "**Current Quarter**") and the same quarter and three (3) months period ended 31 March 2019 (the "**Comparative Quarter**").*

a) Overall, the Company incurred net loss from operations during the Current Quarter of $58,918 compared to a loss of $176,551 for the Comparative Quarter.

b) The Company incurred a loss per share of $0.00 during the Current Quarter and $0.00 during the Comparative Quarter.

c) Corporate administrative and office costs were $10,596 during the Current Quarter compared to $18,714 during the Comparative Quarter. The change between the two quarter is attributable to a separation from corporate administrative costs and reclassification to specific costs related to regulatory compliance.

d) The costs of management and employee salaries incurred by the Company during the Current Quarter were $29,920 compared to $47,188 incurred during the Comparative Quarter.

e) The Company incurred costs for engineering and technical services in the amount of $nil during the Current Quarter compared to $10,811 during the Comparative Quarter.

f) Fees and costs of accounting, audit, legal, and similar professional services incurred by the Company during the Current Quarter amounted to $3,315 compared to $6,077 during the Comparative Quarter.

g) The Company incurred costs related to regulatory compliance, shareholder services, and similar regulatory related filing and other fees were $12,557 during the Current Quarter compared to $nil during the Comparative Quarter. The change between the two quarters is attributable to a separation from corporate administrative costs and reclassification to specific costs related to regulatory compliance.

h) Expenses related to travel and accommodation during the Current Quarter totaled an amount of $543, compared to $5,590 during the Comparative Quarter.

i) Interest expenses incurred by the Company on outstanding promissory notes during the Current Quarter was $1,575 compared to $1,575 during the Comparative Quarter.

j) Net cash raised from loans from unrelated arms-length parties (Part-8) during the Current Quarter was $150,000 compared to $nil during the Comparative Quarter.

Current and Comparative Periods

*This Quarter and the nine (9) months fiscal period ended 31 March 2020 (the '**Current Period**"); and the same nine (9) months fiscal period ended 31 March 2019 last year (the '**Comparative Period**").*

a) Overall, the Company incurred net loss from operations during the Current Period of $287,198 compared to a loss of $358,235 for the Comparative Period.

b) The Company incurred a loss per share of $0.00 during the Current Period and a similar loss of $0.00 during the Comparative Period.

c) Corporate administrative and office costs were $51,492 during the Current Period compared to $79,639 during the Comparative Period. The change between the two periods is attributable to a separation from corporate administrative costs and reclassification to specific costs related to regulatory compliance.

d) The costs of management and employee salaries incurred by the Company during the Current Period were $111,845 compared to $119,047 incurred during the Comparative Period, a reduction attributable to resignation of one manager during the Current Period.

e) The Company incurred costs for engineering and technical services in the amount of $212 during the Current Period compared to $10,811 during the Comparative Period due to no outside engineering services being contracted.

f) Fees and costs of accounting, audit, legal, and similar professional services incurred by the Company during the Current Period amounted to $41,544 compared to $24,346 during the Comparative Period.

g) The Company incurred costs related to regulatory compliance, shareholder services, and similar regulatory related filing and other fees were $19,526 during the Current Period compared to $nil during the Comparative Period. The change between the two periods is attributable to a separation from corporate administrative costs and reclassification to specific costs related to regulatory compliance.

h) Expenses related to travel and accommodation during the Current Period totaled an amount of $3,375, compared to $25,331 during the Comparative Period. The decrease is attributable to reduced travel activity.

i) Interest expenses incurred by the Company on outstanding promissory notes during the Current Period was $4,725 compared to $14,861 during the Comparative Period.

j) Share-based payments expense, attributable to a grant of 5,000,000 incentive stock options to three directors, amounted to $52,495 during the Current Period compared to $92,250 during the Comparative Period. The options have an exercise price of $0.05 and expire on 20 June 2021. The fair value of these stock option grants was determined to be $52,495, which was charged to the statement of loss and comprehensive loss as share-based payments expense. The fair value was estimated using the Black-Scholes option pricing model, with the following assumptions: expected dividend yield: 0%, expected stock price volatility: 100%, risk-free interest rate: 1.84%, expected life of options: 1.75 years.

k) During the Current Period, the Company did not settle any debt. During the Comparative Period, the Company's gain on settlement of debt to an officer amounted to $5,250, resulting from issuance of 350,000 commons shares valued at $12,250 to settle unpaid salaries of $17,500.

l) Net cash raised from securities issue financing activities during the Current Period was $nil compared to $550,000 raised pursuant to private placements during the Comparative Period.

m) Net cash raised from loans from related parties (Part-10.1.c) during the Current Period was $20,000 compared to $nil during the Comparative Period.

n) Net cash raised from loans from unrelated arms-length parties (Part-8) during the Current Period was $150,000 compared to $nil during the Comparative Period.

Part-8 : **LIQUIDITY AND CAPITAL MANAGEMENT**

As at the end of This Quarter, the Company's Interim Financial Statements show a working capital deficiency of $397,501. At the end of the Company's most recently completed financial year ended 30 June 2019 the working capital deficiency was $317,523. At the end of This Quarter the Company's working capital deficiency increased by an amount of $79,978 from that at 30 June 2019 year end.

During This Quarter, the Company spent $57,097 on its operations and did not raise any new finance from private placements. The Company raised from cash from loans from unrelated arms-length parties (Part-8) during This Quarter in the amount of $150,000.

The Company has no significant operations that generate cash flow and its long term financial success is dependent on management's ability to develop new business opportunities which become profitable. These undertakings can take many years and are subject to factors that are beyond the Company's control.

In order to finance the Company's growth and develop new business opportunities and to cover administrative and overhead expenses, the Company raises money through equity sales and from the exercise of convertible securities. Many factors influence the Company's ability to raise such funds, including the health of the capital markets, the climate for investment in the sectors the Company is considering, the Company's track record, and the experience and caliber of its management.

The Company does not have sufficient funds to meet its administrative requirements and business development objectives over the next twelve months. Actual funding requirements may vary from those planned due to a number of factors, including providing for new opportunities as they arise. The Company believes it will be able to raise the necessary capital it requires, but recognizes there will be risks involved that may be beyond its control. The Company is actively sourcing new capital.

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to pursue new business development and to maintain a flexible capital structure for its projects for the benefits of its stakeholders. The Company's principal source of funds is from the issuance of common shares. In the management of capital, the Company includes the components of shareholders' equity as well as cash and receivables.

The Company manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Company may attempt to issue new shares, enter into joint venture arrangements, acquire or dispose of assets, or adjust the amount of cash and short-term investments. The Company's investment policy is to invest its cash in liquid short-term interest-bearing investments selected with regard to the expected timing of expenditures from continuing operations. The Company is not subject to any externally imposed capital requirements and there was no change in the Company's capital management during This Quarter.

Part-9 : RISKS AND UNCERTAINTIES

The Company has no history of profitable operations and is currently in the early stages of its development. As such, the Company is subject to many risks common to such enterprises, including under-capitalization, cash shortages and limitations with respect to personnel, financial and other resources and the lack of revenues. There is no assurance that the Company will be successful in achieving a return on shareholders' investment and the likelihood of success must be considered in light of its early stage of operations.

The Company has no source of operating cash flow and no assurance that additional funding will be available to it to take advantage of further growth and development of new opportunities and projects when required. Although the Company has been successful in the past in obtaining financing through the sale of equity securities or joint ventures, there can be no assurance that the Company will be able to obtain adequate financing in the future or that the terms of such financing will be favorable. Failure to obtain such additional financing could result in the delay or indefinite postponement of further growth or new opportunity development.

The Company is very dependent upon the personal efforts and commitment of its existing management. To the extent that management's services would be unavailable for any reason, a disruption to the operations of the Company could result, and other persons would be required to manage and operate the Company.

Part-10 : RELATED PARTY TRANSACTIONS

Key management personnel of the Company include persons having the authority and responsibility for planning, directing and controlling the activities of the Company as a whole, and includes both the duly appointed senior executive officers of the Company and those of the Company's wholly owned operating subsidiaries, (collectively the "**Officers**"). Each one of the Officers, together with each member of the Company's board of directors, is considered to be a "**Related Party**".

10.1 Related Party Balances

At the completion of this Third Quarter and first nine (9) months of the Company's Fiscal 2020 year, the Year-To-Date ("**YTD**") balances due to Related Parties, compared to the balance due them at the end of the Company's most recently completed fiscal year ended 30 June 2019 ("**FYE19**"), are as follows:

a) an aggregate amount of YTD $257,936 (FYE19 - $228,782) was due and payable to the Company's Officers as accumulated but unpaid salary and fees. These amounts are included in accounts payable and are unsecured and non-interest bearing;

b) an aggregate amount of YTD $87,500 (FYE19 - $87,500) was due and payable to the Company's CEO as repayment of accumulated loans made in prior years by the CEO to the Company for assistance with working capital. This loan is interest free with no fixed repayment terms; and

c) an aggregate amount of YTD $20,000 was due and payable to two of the Company's Directors ($10,000 each) for working capital loans made by them to the Company. These loans are unsecured, interest free and have no fixed repayment terms.

10.2 Balance Due Former Related Party

A former CFO of the Company resigned effective 31 December 2017, and accordingly, the Company terminated accrual of salary upon his resignation date and agreed to pay a total amount of $125,000 by end November 2018 to settle all outstanding compensation and amounts due. Commencing from 1 January 2018, the CFO agreed to continue as "Acting CFO" without additional compensation and did so until his replacement as Acting CFO on 7 November 2018. Accordingly, during the current fiscal year ended 30 June 2019, the Company did not pay or accrue salary for the former CFO. On 7 December 2018 the former CFO ceased to be a director and also thereupon ceased to be a Related Party of the Company. The Company has paid a total of $75,000 of the amount due the former CFO by 30 November 2018. At the end of This Quarter, a total remaining balance due the former CFO in the amount of $50,000 is past due and unpaid.

10.3 Transactions With Related Parties

During this Third Quarter the Company did not engage in any Related Party transactions other than ordinary course of business compensation of key management personnel as described in the following paragraph.

10.4 Compensation Of Key Management Personnel

During the nine (9) months period ended 31 March 2020, aggregate YTD compensation was paid or accrued to key management personnel and Related Parties as follows, together with a comparison to the amount paid or accrued to them for the same period ended 31 March 2019:

a) The Company, or its wholly owned subsidiaries, paid or accrued salary, fees, or other compensation to the CEO, CEO of its subsidiary, Acting CFO, and its former Vice President in the YTD amounts of $31,822, $31,822, $31,500, and $5,000, respectively. During 3Q19 the amounts accrued or paid for the same period ended 31 March 2019 were $25,738, $30,624, $17,500, and $34,133 respectively.

b) The CEO of the Company voluntarily suspended and terminated payment and accrual of his salary as CEO of the Company effective on 1 July 2017 and continuing until such time as the Company's financial condition permits a resumption and such resumption is approved by the Board of Directors. Consequently, the Company did not directly accrue any salary, YTD, for the CEO.

c) The Company's PT Kilang Kaltim Continental ("**KKC**") subsidiary directly paid or accrued salary compensation for work performed under employment contract in the Jakarta office by two Jakarta resident Related Parties, the Company's CEO who serves as KKC's commissioner, and an executive director of the Company who separately serves as the CEO of KKC. The amounts so paid or accrued are included in the disclosure in paragraph 10.4a) above.

Part-11 : **MATERIAL CONTRACTS AND EVENTS**

11.1 Off-Balance Sheet Arrangements

At the end of This Quarter, the Company does not have any off-balance sheet arrangements not already disclosed elsewhere in this MD&A or in the Interim Financial Statements.

11.2 Material Contracts & Commitments

During This Quarter, no new material contracts or commitments were undertaken, not elsewhere disclosed in this MD&A or in the Interim Financial Statements.

11.3 Investor Relations, Publicity and Promotion

During This Quarter, no material new arrangements, or modifications to existing agreements, were made by the Company for investor relations services, publicity, promotion or advertising agreements which are not otherwise already disclosed in this MD&A or the Interim Financial Statements.

11.4 Financial Advice, New Business Consulting, Finder's Agreements, & Fund Raising

During This Quarter, no material new arrangements, or modifications to existing agreements, were made by the Company for investor relations services, publicity, promotion or advertising agreements which are not otherwise already disclosed in this MD&A or the Interim Financial Statements.

11.5 Claims, Contingencies & Litigation

Except for any contingencies elsewhere disclosed herein, or in the Interim Financial Statements for This Quarter published herewith, the Company knows of no material, active or pending claims or legal proceedings against them; nor is the Company involved as a plaintiff in any material proceeding or pending litigation that might materially adversely affect the Company or a property interest of the Company.

Part-12 : **CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

The preparation of financial statements in accordance with IFRS requires that the Company's management make judgments and estimates and form assumptions that affect the amounts in the financial statements and the related notes to those financial statements. Actual results could differ from those estimates. The Company reviews its judgments, estimates, and assumptions on an ongoing basis based on historical experience and other factors that are considered to be relevant under the circumstances. The Company's critical accounting policies and estimates applied in the preparation of its Interim Financial Statements are the same as those applied to the audited financial statements for the last fiscal year ended 30 June 2018.

Part-13 : **FINANCIAL INSTRUMENTS**

The Company's financial instruments as at the end of This Quarter, consist of cash, accounts payable and accrued liabilities, the loan payable to its CEO, and the promissory notes. The fair value of these instruments approximates their carrying value due to their relative short-term maturity. There were no off-balance sheet financial instruments.

Cash, other than minor amounts of Indonesian Rupiahs, consist solely of cash deposits with major Canadian and Indonesian banks. The Company therefore considers its credit risk to be low. The Company does not use derivative or hedging instruments to reduce its exposure to fluctuations in foreign currency exchange rates involving Canadian dollar and Indonesian Rupiah. However, as the Company holds its funds primarily in US dollars, the risk of foreign exchange loss is considered low by the Company's management.

Part-14 : **CONTINUOUS DISCLOSURE AND FILINGS**

14.1 Additional Disclosure for Venture Issuers without Significant Revenue

The Company is a "Venture Issuer" as defined in Section-1.1 of NI 51-102 and in Section-1.1 of NI 52-110. The Company prepares its financial statements and accounts in US dollars currency using IFRS as issued by IASB. All dollar values are in US$ unless otherwise indicated. Additional disclosure concerning the Company's general and administrative expenses is provided in the Company's statement of loss and comprehensive loss contained in the Interim Financial Statements that are published and filed herewith.

14.2 Continuous Disclosure & Filings - Canada

Additional disclosure is made on a continuous basis in accordance with applicable laws and in compliance with securities rules and regulations of the British Columbia Securities Commission ("**BCSC**"). This disclosure and filings includes annual audited consolidated financial statements and quarterly unaudited interim financial statement. Shareholders and interested parties may obtain downloadable copies of these mandatory filings made by the Company on "**SEDAR**" (the System for Electronic Document Archiving and Retrieval at website www.sedar.com). The Company began filing on SEDAR in 1997. All Company filings made on SEDAR during the year and up to the date of this filing are incorporated herein by this reference.

14.3 Continuous Disclosure & Filings - USA

The Company is also a full reporting issuer and filer with the US Securities and Exchange Commission ('**SEC**"), making the Company a "**SEC Issuer**" as defined in Section-1.1 of NI 51-102. The Company is required to file an annual report with the SEC in the format of a Form 20F annual report which includes audited annual consolidated financial statements. The Company files interim unaudited quarterly financial reports, press releases, material change reports, and disclosure of new or changed circumstances regarding the Company on a periodic basis under Form-6K. The Company has filed electronically on the SEC's EDGAR database (website *www.sec.gov/edgar*) commencing with the Company's Form 20F at its fiscal year end 2004. Prior to 2004 the Company filed Form 20F annual reports with the SEC in paper form. All Company filings made to US-SEC during the past fiscal year and up to the date of this filing are incorporated herein by this reference.

14.4 Form 20F Annual Report and Annual Information Form

As a SEC Issuer, the Company is obliged to file an "**Annual Report on Form 20F**" with the SEC. As a Canadian Venture Issuer the Company is permitted to file the same Annual Report on Form 20F on SEDAR in satisfaction of the Canadian obligation to file an "**Annual Information Form**" on Form 51-102F2 or "**AIF**".

14.5 Statement of Executive Compensation - Venture Issuer

As a Venture Issuer in Canada, the Company discloses executive compensation on Form 51-102F6V which is included in the Company's annual information circular filed on SEDAR and provided to shareholders as part of the proxy materials in advance of the Company's annual general meeting.

14.6 Additional Disclosure for Emerging Markets Issuers

A substantial component of the Company's business activities are conducted in the Republic of Indonesia and the Company considers itself to be an "**Emerging Market Issuer**" as defined in the Issuer Guide for Companies Operating in Emerging Markets (the "**EMI Guide**") published by the Ontario Securities Commission as Staff Notice 51-720. The EMI Guide identifies eight matters as worthy of additional disclosure that Emerging Market Issuer's consider. These are: 1) the local business and operating environment, 2) language and cultural differences, 3) corporate structure, 4) Related Parties, 5) risk management and disclosure, 6) internal controls, 7) use of and reliance on experts, and 8) oversight of the external auditor and how the effect on the Company's operations of these eight matters may differ in the emerging market from what may be expected if the Company's same business activities were conducted in Canada. The Company provides such disclosure annually in its Annual Report on Form 20F.

Part-15 : FORWARD-LOOKING STATEMENTS

Forward-looking statements relate to future events or future performance and reflect management's expectations or beliefs regarding future events and include, but are not limited to, statements with respect to the estimation of reserves and resources, projections of anticipated revenue, the realization of reserve estimates, the timing and amount of estimated future production, cost, work schedules, capital requirements, success of resource exploration operations, environmental risks, permitting risks, unanticipated reclamation expenses, title disputes or claims and limitations on insurance coverage for the Company's upstream oil and gas projects; and to capital cost estimation, operating costs forecasts, and sales and revenue projections for the construction of the Company's downstream oil and gas projects.

15.1 Forward Looking Words and Phrases

In certain cases, forward-looking statements can be identified by the use of words such as "plans", "expects" or "does not expect", "is expected", "budget", "scheduled", "estimates", "forecasts", "projections", "intends", "anticipates" or "does not anticipate", or "believes", or variations of such words and phrases or statements that certain actions, events or results "may", "could", "would", "might" or "will be taken", "occur" or "be achieved" or the negative of these terms or comparable terminology.

15.2 Risks and Uncertainties

By their very nature forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Such factors include, among others, risks related to actual results of the Company's upstream or downstream oil and gas projects or new project development activities; changes in project parameters as plans continue to be refined; cash flow projections; future prices of resources; possible variations in resource reserves; accidents, labor disputes and other risks of the oil, gas, and energy industries; delays in obtaining governmental approvals or financing or in the completion of development or construction activities; as well as other factors detailed from time to time in the Company's periodic filings on EDGAR and SEDAR.

15.3 No Assurance all Risks Anticipated

Although the Company has attempted to identify important factors that could cause actual actions, events or results to differ materially from those described in forward-looking statements, there may be other factors that cause actions, events or results not to be as anticipated, estimated or intended. There can be no assurance that forward-looking statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on forward-looking statements.

Continental Posts Results For Third Quarter Fiscal 2020

Vancouver, BC, - 29 May 2020 - Continental Energy Corporation (OTCQB: CPPXF) (the "**Company**") today released a summary of its financial results for the quarter ended 31 March 2020 (the "**Quarter**"). The Quarter completes the third quarter and nine months period of the fiscal year ending 30 June 2020.

Overall, the Company incurred a net loss during the Quarter of $58,918 compared to a loss of $176,551 for the same quarter of the last fiscal year, a decrease of $117,633 due largely to a one-off, non-cash share-based payment expense on issue of incentive stock options during the same quarter the previous fiscal year. Share-based payments expense was $ nil during the Quarter as compared to $92,250 in the same quarter of the past fiscal year. The loss per share of $0.00 for the Quarter compared to a loss per share of $0.00 for the same quarter of the previous fiscal year.

Corporate administrative and office costs were $10,596 during the Quarter compared to $18,714 during the same quarter of the previous fiscal year. The Company incurred costs related to regulatory compliance, shareholder services, and similar regulatory related filing and other fees were $12,557 during the Quarter compared to $ nil during the same quarter of the previous fiscal year. The changes between the current Quarter and previous fiscal quarter are attributable largely to a separation from corporate administrative costs and reclassification to specific costs related to regulatory compliance.

The costs of management and employee salaries incurred by the Company during the Quarter were $29,920 compared to $47,188 incurred during the same quarter of the previous fiscal year due to a reduction in personnel. Fees and costs of accounting, audit, legal, and similar professional services incurred by the Company during the Quarter amounted to $3,315 compared to $6,077 during the same quarter of the previous fiscal year due to reduced use of professional services.

During the Quarter the Company issued two promissory notes to unrelated arms-length parties for an aggregate principal amount of $150,000 in respect of working capital loans to the Company. No fees related to the loans were paid. The notes bear non-compounding simple interest at a rate of six (6%) per year, become due and payable on 1 July 2021, may be repaid together with all accumulated interest thereon, at the election of the holders, in cash or in the form of the Company's common shares valued at the volume weighted average trading price during the twenty business days preceding the maturity date or as a participation at the same terms of any private placement closed by the Company prior to the maturity date.

The full and complete unaudited, management prepared, consolidated financial statements together with explanatory notes and management's discussion and analysis for the results of the Quarter have been filed with Canadian securities regulators on SEDAR and are available for download via Continental's profile at www.sedar.com or from the links on Continental's website.
